ERNEST OLSON IS NEW PRESIDENT OF UPLAND C. OF C.

Former City Councilman Is Honored With Position—Secretaryship Issue

C. Ernest Olson, a former city councilman, is today president of the Upland chamber of commerce.

He was elected at the organization meeting of the civic group. William Gilliland was named vice-president and Allan S. Barr was chosen treasurer. The meeting was held last night.

As to the secretaryship, the position was not filled but a committee is at work studying the situation.

Named as a committee to consider the matter of a secretary were Gene Nisbet, Harold W. Cook and Mr. Gilliland.

Fred E. Draper retired as president of the group with the election of Mr. Olson as the chief executive. Mr. Draper, who has served on the board, however, was honored with election for another two year term. Frank K. Nichols, one of the newly elected directors, resigned due to inability to give the organization sufficient time. Mr. Draper was then elected to fill the vacancy.

The chamber board of directors now includes Mr. Olson, Mr. Gilliland and Mr. Barr, all elected this month; Mr. Draper, Orton P. Brady, Everett W. Henry, C. Frank Joines, Norman S. Lawson, Paul V. Snyder, Warren H. Wass, Harold W. Cook and Gene Nisbet.

Cucamongans Go To Santa Paula For Oil Fiesta

Cucamonga's Grape festival received publicty last Saturday, when a group from Cucamonga, dressed in Spanish costume, attended the Union Oil Company's celebration of the fiftieth anniversary of their founding, held at Santa Paula. Thousands of guests joined in the all-day celebration.

Going from Cucamonga were Mr. and Mrs. Glenn McLaughlin, Mr. and Mrs. Robert D. Miller, Bob Henderson, Judge James Sharp and John Klusman, Jr. They presented the fiesta queen with a box of Cucamonga grapes.

The Cucamonga visitors watched a parade which lasted for two hours. They were also guests of the oil company at a barbecue dinner and remained for the presentation of a pageant entitled, "The Lady of the Mountain".

Today a Los Angeles photographer took pictures of the festival queens.

G. D. Vaughn Is Made New Manager Of Cornet's Store

D. E. Crompton, who has been manager of Cornet's store since the business was purchased from W. F. Booth about three months ago, has been transferred to Covina, where he will aid in opening up a new Cornet store.

Succeeding Mr. Crompton is G. D. Vaughan, who arrived Monday from Los Angeles to assume management of the store.

As soon as Mr. Vaughan locates a suitable residence he will bring Mrs. Vaughan and their family to Upland. A daughter, Joan, will enter her junior year at Chaffey high school, while the two sons, Jerry and Delbert, will be in the fifth and sixth grades at the Upland Elementary school.

Mr. and Mrs. Crompton will move to Covina, where they will be stationed temporarily.

Nothing Molested In House Although Window Screen Off

Possible burglary was reported to Upland police last Friday when officers were asked to investigate the residence of Bruce Chaflin, 972 Washington boulevard.

Upon investigation, police found a window screen removed, possibly by a screw driver. Window shade was knocked down, but no evidence of anything being molested could be found.

Fear Burglary; Call Officers; Find Son Home

Fearing that her neighbor's home was being burglarized, Mrs. A. H. Johnson, 448 Third avenue, called the Upland police early last Sunday morning. Knowing that her neighbor was out-of-town, Mrs. Johnson could not understand the evidence of occupancy next door.

When police arrived and investigated they were glad to find that no crime was abroad. The neighbor's son had come out from Los Angeles and was occupying the residence.

Mrs. C. E. Allen lives in the residence which Mrs. Johnson feared was being burglarized.

ALIENS REGISTER AT UPLAND OFFICE

Task To Occupy Three Months Assigned to Ray And Bice

Upland postoffice started registration and fingerprinting of aliens today, beginning a task which will be completed the day after Christmas—December 26.

Two principal nationalities, reporting at the local office will be Mexicans and Filipinos. Since only first and second class offices can register aliens, Cucamonga office will not be called upon to undertake the specal work. Consequently it is expected that a large number of Mexicans from Cucamonga will register here.

Assistant Postmaster R. A. Ray and John Bice of the Upland staff attended a school of instruction for the special work last Friday afternoon in San Bernardino.

At Upland the extra work will be handled principally by Mr. Ray and Mr. Bice. Mr. Ray has built a special cabinet for holding all finger-printing material.

Although it is impossible to estimate the number of aliens who might be registered locally, Mr. Brady today made a rough estimate that probably 800 persons would report.

Aliens must fill out four blanks. Form number one can be filled out at home, if the alien wishes to obtain it in advance.

Aliens 14 years of age and above must be registered and fingerprinted. Aliens below that age may be registered by parents or guardians, but need not be fingerprinted.

Cal-Aero Academy New Name of Air Training School

In keeping with the national policy, Cal-Aero corporation name has been changed to "Cal-Aero Academy", according to an announcement today.

The schools training leaders of the army and navy are known as "academys" and the change in the name of the South Euclid avenue institution is thus made to conform with the national policy, according to Frank B. Howe of the Academy.

The speaker was introduced by Harry M. Wright.

GROWERS ANXIOUS OVER HEARING ON CITRUS PRORATE

Injunction Against Regulation Of Citrus Sought by Independents

Awaited with great suspense by all citrus growers will be the result of the hearing tomorrow in Judge Emmet Wilson's court in Los Angeles, in which independent citrus shippers are seeking an injunction against the inter-state proration of citrus fruits.

If the temporary injunction, restraining shippers from prorating shipments is granted, the balance of the Valencia shipments will be drastically affected, it is estimated.

So far, 65 per cent of the Valencia shipments to be sent through the O-K Fruit Exchange have gone forward, according to H. B. Harlow, manager. The price situation on Valencias is "not quite as firm as it has been," says Mr. Harlow. Shipments of Valencias have been heavy, and California growers are giving the market all the fruit it will take, it is reported.

Upland Police Find, Return Lost Children

Frantic mothers of lost children have appealed to Upland police twice within the past week.

First loss reported was the three and a half year old daughter of Mr. and Mrs. Ronald Rowe on North Third avenue. Police were asked to find a blond child wearing a blue sunbonnet. Only a short time after the officers got on the job the little girl was located on Fifth avenue and returned to her parents, somewhat perturbed, it was reported by the police.

Last Saturday, four year old Donald Schicke, who lives at 191 Vernon drive, was reported lost. A lad wearing overalls, a blue shirt, and riding a red tricycle, was the description given of the missing child. Young Donald was found only a few minutes after the report of his absence came into police headquarters.

COUNTY TAX RATE OF $1.80 IS SET

25c Increase Voted for Year By Supervisors—Relief Bill Is Larger

San Bernardino county's 1940-41 tax rate was fixed at $1.85 per $100 in assessed valuation yesterday by the board of supervisors.

The rate will be $1.80 in incorporated cities of San Bernardino, Redlands, Upland and Ontario, which maintain their own library and in which the 5-cent county free library tax is not charged.

Although the assessed valuation is higher, the rate is 25 cents more than 1939-40 when the figure was $1.55. The figure is exclusive of the county-wide flood control district tax, which varies in zones.

According to C. E. Grier, chairman of the board of supervisors, the $1.85 tax rate includes $1.56 for relief activities, which are mandatorily fixed by state law. For relief alone, the increase in the budget over a year ago amounted to $300,000.

Total relief budget is $3,768,074, of which the federal and state governments will pay $2,086,084, a figure carried in the budget for which it is not necessary to impose a tax.

Following table compares tax rates of the two years:

	1940-41	1939-40
County General Tax	$0.681	$0.486
County old age	.534	.475
Salary	.520	.540
Highway bond, int.	.055	.039
Hospital bond, int...	.005	.005
Inducing immigration	.004	.005
County library	.050	.050

Among the members of the Upland Townsend club attending the Townsend mass meeting in the Embassy auditorium in Los Angeles Sunday, were Orin Hook, president of the club, H. R. Ludwig and Al Stutzman, who motored down together, and Mr. and Mrs. E. C. Chapman.

POLLS ARE OPEN UNTIL 7 TONIGHT; LIGHT VOTE CAST

Assemblyman and Congressman Contests Fail to Arouse Vote

Polls will remain open until 7 o'clock this evening for voters who so far today have not cast their ballots in the primary election.

Probably not more than a 33 per cent vote will be cast, an early estimate of the vote indicated. Shortly before noon today precincts reported slightly more than ten per cent of the number of registered voters had appeared to cast their ballots.

Principal interest in the election centers around the nomination (or election) of an assemblyman and the nomination of a Democratic congressman.

Public Invited To See Improvements At Local Library

Mrs. F. H. Manker, Librarian

You are cordially invited to come and see what has been done at the Upland library with the fines you have paid during the past two years. Perhaps you will not begrudge the two cents per day that you are asked to pay when you keep a book a day over time.

The woodwork on the outside of the building has been painted with a lighter color than formerly and makes the library look like new—but not too new! Even the lobby welcomes you.

Entering the building, the floor dazzles you with its shining waxed appearance. The tops of the tables and desk are glowing with new finish. Looking up a little to right and left, the Venetian blinds of metal, painted a cream color, attract you. From them to the side walls, which are a light buff, is only a step, with the ceilings an almost white.

With the new lights in the lobby and west wing, matching the ones placed in the east wing last year, the library now is a well lighted building for reading and study, and all done with your fines. So, more power to you!

The library staff members will be glad to show you what has been done. All this work that has been done will not, however, make more book room and so all can look forward to a plan that may, after a number of years, become a new building that will match our city hall.

Several guests were entertained Sunday by Mr. and Mrs. H. M. Guy, 1388 North Euclid avenue. In the group were Mr. and Mrs. Freeman Alexander of Fort Worth, Texas, and Mr. Alexander's mother, Mrs. Lura Alexander of Canoga Park; Mr. and Mrs Edward Bodine of Fort Collins, Colo., and Mrs. Guy's brother and sister-in-law, Mr. and Mrs. F. H. Hoeppner, and Mrs. Hoeppner's mother, Mrs. D. H. Boyer, all of Los Angeles.

PRICE OF GRAPES STIRS NEW HOPE

Increase of $3 Ton Over Year Ago Improves Growers' Hopes

General harvesting of an estimated 40,000 ton crop of grapes in the Cucamonga and Guasti grape section will start Monday, September 9, according to R. H. McKennett, county agricultural inspector.

A crop of exceptionally good quality, the 1940 harvest promises a much more favorable return to the grower. In Fresno, where the grape harvest is already under way, prices have averaged $3 a ton more than a year ago.

It is estimated that the price per ton for wine grapes in this section will be around $15, which represents an increase of $3 a ton above last year.

With 75% of the entire grape production in the county confined to the area west of Fontana, the grape harvesting and wine-making payroll brings a definite increase in the amount of money to be spent in this section.

Workers who have been idle for four or five months will begin a period of almost continuous employment early next month.

Besides the hundreds who are employed in the fields, including the usual influx of migrant help which camps in tents, there are hundreds given employment in the wineries.

Guasti is the largest vineyard, but the largest purchaser of wine grapes is the Padre Winery, owned by Vai Brothers. Approximately 10,000 to 15,000 tons of grapes are purchased by this winery.

Pheasant Hunter Is Arrested and Given $100 Fine

Arrested by A. L. Stager, state fish and game warden, Carlo Gaggino, rancher of South Archibald avenue, was given a fine for hunting pheasant out of season when he appeared before Justice of the Peace George E. McCauley in the Temescal justice court yesterday morning.

Gaggino was arrested Sunday morning while hunting on South Archibald avenue.

Judge McCauley stated, when he levied the fine, that any other hunters brought into his court on similar charges would be faced with stiff jail sentences along with heavy fines.

Mr. Stager issues a warning to hunters planning on going into the field for doves on the opening of the season, September 1, reminding them that all shotguns must be plugged to a three-shell maximum. This is a federal violation and many hunters who failed to comply last year paid fines of $24 each in federal court. The use of all rifles in hunting migratory game is also strictly forbidden.

The Pact With Canada

So swiftly have world events moved recently that the American-Canadian defense pact seems quite natural and almost common-place—whereas only two or three years ago the mere hint of a military understanding with any nation would have startled America.

California is farthest removed of all American states from the scenes of carnage over the English Channel. Yet, despite that distance, there is serious talk of the possible effect of the Battle of Britain on California's safety. Should Britain fall, America might be obliged to shift her fleet strength from the Pacific to the Atlantic. Already planned, against such an event, is a heavy concentration of air might on this coast—a great network of air bases for bombers and fighters, as a substitute for the battle fleet that has been California's first line of defense. But then, what of Alaska, where a Pacific area enemy might penetrate and establish bases for attacks down the Pacific Coast? Prominent in preliminary plans for Canadian-American cooperation is construction by America of a $25,000,000 military highway across Canadian territory, to link northwest America with Alaska and so ensure transport facilities for adequate defense of that strategic continental outpost.

The passive cooperation between the U. S. A. and Canada, attested by a continent-wide border without a single fortification, is-giving way of necessity to an active cooperation in mutual defense provisions. The situation has come swiftly, but it is unmistakably defined: In a world where the long-distance bomber is improved with each model, and oceans shrink accordingly as protective barriers, the Californian and the Canadian have stakes virtually identical.

Life Is a Funny Proposition

Man comes into the world without his consent and leaves it against his will. During his stay on earth his time is spent in one continuous round of contraries and misunderstandings. In his infancy he is an angel, in his boyhood he is a devil. In manhood he is everything from a lizard up. In his duties he is a big fool. If he raises a family he is a chump. If he raises a check he is a thief, and then the law raises cane with him. If he is a poor man he is a poor manager and has no sense. If rich, he is dishonest, but smart. If he is in politics he is a grafter and crook. If out of politics you can't place him, and he is an "undesirable citizen". If he goes to church he is a hypocrit. If he stays away he is a sinner. If he donates to charity, he does it for show; if he doesn't, he's stingy and a tightwad. When he first comes into the world everybody wants to kiss him, before he goes out they all want to kick him. If he dies young there was a great future for him. If he lives to a ripe old age, he is in the way, living to save funeral expenses.—(Exchange)

Your Support Is Justified

The chamber of commerce should be regarded as the city's service and promotional agency. As such, it should receive the support of many citrus growers, other residents as well as every business and professional man.

The new fiscal year is about to start and now is the time to support the chamber and make the civic organization serve to its fullest possibilities.

While it is difficult to convincingly enumerate the many fine services rendered the community by an active chamber, those people in close touch with the organization fully realize its accomplishments—and the possibilities for further community development.

They Like Upland, Citrus Fruit

FROM KANSAS CITY, MO.

Recently it was my very great pleasure to be a house guest of a dear friend, Mrs. Mae Swailes, 408 East E street, Ontario, and of Mr. and Mrs. Earl Griffith of 767 North Third avenue, Upland.

While there I was honored by being presented with a basket of gorgeous citrus fruit. If it makes every person presented with one of those beautiful baskets as happy as it did me, you have gained many friends.

I carried the gift all the way home just as I received it and everyone who glimpsed it "O'ed! and Oh'ed!" and the one who packed and decorated the basket may I say is an artist.

Your Euclid avenue with the mountains as a background is the most beautiful avenue I have ever seen. To me it seemed "a beautiful picture". I have many fond memories of your beautiful California. Yours respectfully,

Mrs. Henry H. McCoy

FROM DeLANCEY, N. Y.

I want to thank you for the nice basket of delicious fruit you left for me with Mayor Cameron. It carried in nice shape and we all enjoyed it very much. I also enjoyed the nice time all of you gave me while in Upland. Sincerely yours,

A. G. Amos

FROM SHARON, TENN.

I wish to express my thanks for the lovely basket of fruit which you presented me while I was in your town. I have enjoyed it since being home in Tennessee

It is a pleasant reminder of one of the many courtesies shown me while visiting in your beautiful little city.

Sincerely yours,
Jessie Moore.

FROM DENVER, COLO.

I wish to thank you again for the nice basket of fruit you gave me upon leaving Upland.

I got it home O. K., and have had a lot of fun showing people what Upland, California, gave me.

I surely hope I will have the pleasure of visiting your city again soon.

Mr. and Mrs. J. E. Owens

Intuition—the strange instinct that tells a woman she is right, whether she is or not.

Some people, after casting a crust of bread upon the waters, think they should get a bowl of milk toast in return.

The man who knows nothing and wants to find out everything is almost as big a bore as the man who thinks he knows everything and insists upon telling it.

Beare-Horst Wedding Is Charming Home Event Sunday

A wedding that is of interest not only to many persons in Upland, but as well to a number in far away India, occurred Sunday when Miss Allene Louise Beare, daughter of the Rev. and Mrs. George H. Beare of Dahmteri, India, and Menno L. Horst, son of Mrs. Alice Horst of San Antonio Heights, were united in mariage at the home of the bride's grandparents, Mr. and Mrs. B. P. Swartzendruber, 690 North First avenue.

The spacious rooms, which easily lend themselves to arrangements for nuptial events, were charmingly decorated with white gladioli and asters.

Preceding the ceremony Miss Ruth Franklin, pianist, played "Bells of St. Mary's (Adams), "Wayside Chapel" (Wilson) and "Nearer My God to Thee" (Freman), and she accompanied the vocalists, Miss Mary Bohen and Miss Esther Horst, a sister of the bridegroom, as they sang "Whispering Hope" (Hawthorne), "The Rosary" (Nevin) and "O Love That Will not Let Me Go" (Matheson). Entrance of the bridal party was heralded by the strains of Mendelssohn's "Wedding March", played by Miss Franklin.

The marriage service was read by the Rev. Glenn Whitticker, pastor of the Calvary Mennonite church in Los Angeles.

The bride was lovely in a simply fashioned dress of white shadow sheer and she carried a bouquet of gardenias centered with white carnations and white asters.

Attending the bride as maid of honor was Miss Frances Musser of Ontario, wearing a dress of rose colored crepe, and the bridesmaid, Miss Lois Horst, sister of the bridegroom, wearing blue voile. Each carried a bouquet of rose asters. Preceding the bride as flower girl was little Faith Musser, wearing a frock of peach colored mull. Her flowers were white asters.

William Wolfenbarger of Chino attended the bridegroom as best man and the ushers were David Musser and Glen Franklin, both of Ontario.

The ceremony was followed by a reception for the 60 wedding guests, who were received by Mrs. Swartzendruber and Mrs. Alice Horst. A handsomely decorated bride's cake was served as a part of the collation.

Mr. and Mrs. Horst will reside on Cypress drive at Twenty-fifth street, San Antonio Heights.

Golden Wedding Day Celebrated Saturday by Mr. and Mrs. Henry O. Henderson as Family and Friends Greet Them

For 50 years Mr. and Mrs. Henry O. Henderson have traveled life's highway together, sharing with each other the sunshine and the shadows, and on Saturday, Aug. 24, they had the highly prized privilege of celebrating their golden wedding day.

Mr. and Mrs. Henderson were married in a farm home near Pittsburg, Kan., on Aug. 24, 1890, and left immediately on their wedding trip to California.

Locating in Pomona, they lived in that city and vicinity for 25 years. From Pomona they came to Upland, and now have resided here for 25 years, 20 years of that time in their present home, 375 East Foothill boulevard. It was there that the celebration of their fiftieth wedding anniversary was held.

Because neither of them is in good health, the celebration was planned as a quiet family affair. However, some of their friends knew of the important date and word was passed around and many friends claimed the privilege of joining in the celebration by sending numerous boquets of beautiful flowers and a number of potted plants.

Mr. and Mrs. Henderson are members of the Upland Methodist church, Mrs. Henderson being active in church work until her health failed not long ago, and two of the floral gifts came from the Wesleyan Bible class and the Woman's Aid society. There also were flowers from Mary Brainard Tent, Daughters of Union Veterans, and from the B-Square club, a neighborhood social and welfare group, Mrs. Henderson being a member of each organization.

Several dozen messages were received by mail, many coming from former neighbors in Pomona and from relatives and friends in Kansas.

Members of the family gathered at the home in the afternoon and presented Mr. and Mrs. Henderson with a number of gifts, among them being a handsome reclining club chair. Several group pictures were made during the afternoon and a number of intimate friends called for brief greetings.

In the family group were a son and daughter-in-law, Mr. and Mrs. Harold Henderson of Ontario; three brothers-in-law and sisters of Mrs. Henderson, including Mr. and Mrs. J. W. Barnes (the eldest sister) of North Euclid, who celebrated their golden wedding three years ago; Mr. and Mrs. E. C. Patton of Claremont, and Mr. and Mrs. J. J. Burnap of Pomona; and a nephew and niece, Mr. and Mrs. Lewis Patton of Ontario.

Traffic Questions Answered Here

Q—What traffic laws or rules govern on the driveways, paths or grounds of public schools, state university, state college, state, county or municipal institution or building, when there are no signs posted to advise the public?

A—When public traffic is permitted without special regulation, the provisions of the California Vehicle Code apply in such cases.

Q—Is it permissible to drive through a service station to avoid a congestion at an intersection?

A—Assuming that you have a right hand turn in mind, there is nothing in the Vehicle Code to prevent you from doing this if the owner cared to permit it as you would be on private property. The same reasoning should be followed as in the case where you might drive into a filling station for gasoline, and then continue ahead, making the same sort of a turn as suggested by your question.

Q—How soon after moving is it necessary for me to notify the Department of Motor Vehicles?

A—The Vehicle Code requires you to give a written notice within ten days after you move to a residence having an address different than that on your operator's or chauffeur's licenses, or registration card or certificate of ownership.

FIRMIN A. LUCAS CALLED BY DEATH

Well-Known Rancher Passes at Home in Cucamonga on Monday Morning

Firmin A. Lucas, of Lucas, Bros. Ranching Co. and a well known rancher and business man, died at 9:45 Monday morning at his home, 1058 South Archibald avenue, Cucamonga. He had been ill only a short time.

A native of Fairfax, Iowa, Mr. Lucas was 71 years of age. He came from Iowa to Cucamonga 41 years ago and had resided in that community since that time.

Mr. Lucas was a member of St. George's Catholic church in Ontario and was a fourth degree member of the Knights of Columbus. He was interested in numerous agricultural, industrial and business concerns, being president of the Los Angeles Mutual Dairymen, a member of the board of the Challenge Creamery and Butter association, a member of the Milk Producers Control Board of the Los Angeles area, president of the Mountain View Water Co., vice president of the Cucamonga Water Co., and at one time president of the First National Bank of Cucamonga.

Surviving Mr. Lucas are a daughter, Mrs. Mary L. Settlemier, of San Francisco; two sons, Leo J. Lucas of Ontario and Hubert F. Lucas of Los Angeles; four brothers, John P. Lucas of Whittier, Leon J. Lucas, Vincent G. Lucas and Henry L. Lucas of Ontario, and six grandsons.

Rosary will be said at 7:30 Wednesday evening at Draper's Ontario chapel and there will be requiem high mass at 9 o'clock Thursday morning at St. George's Catholic church in Ontario. Entombment will take place in the family's private mausoleum in Bellevue cemetery.

G. E. Wins From Etiwanda, 2 to 1; Lionettes to Play

Scoring one run in the ninth inning after one was out, the General Electric softball team won the first game from the Etiwanda Reginas last night at the Fourth Street ball park. Sagouspe, first man up in the ninth, walked; Kuhns was safe on a bunt when Johnson, second baseman, who covered first while Utman fielded the ball, dropped the throw, Sagouspe going to second; Neilson hit a high foul to the catcher, and Rex Hannah singled between short and third to bring in the winning run.

The game had been a nip and tuck affair all the way through, Etiwanda getting a score early in the game when Second-baseman Johnson singled; Straniti, catcher, got a double, scoring Johnson.

General Electric evened it in the eighth when Sheehan hit a homer over the left fielder's head. Final score, 2 to 1.

The teams are playing a best-three-out-of-five series, and the next game will be played Wednesday night at the Etiwanda field at 8 o'clock, the games alternating on the two fields, Friday night's game being played here.

In the Commercial league, the games of which are played on the Y. M. C. A. lot, the Plumbers, Golden Eagles and Orange Products all have a chance for first place. Tonight the Plumbers and Golden Eagles tangle, following a play-off game of the boys' division between the Cubs and Bumsteads. Thursday the General Electric and Orange Products tangle.

The Lionettes and the Glendora girls' team play a game in their championship series at the Y. M. C. A. lot on Wednesday night at 8 o'clock.

Last night at Glendora Ontario went into the lead in the play-off by a score of 2-1 in 10 innings, it being one of the best games yet played in the series.
